5.3. Pending master data management screen

Front end of the pending master data management is same as MRP, But need separate pending.

5.4. Manage Box numbers and Add proposals

Need to manage box numbers for Micro. This should not conflict with MRP box numbers. Box number can be entered in any format.

5.5. Job transfer screen

Micro workflow needs job transfer facility which is same as MRP.

5.6. Benchmark reports

5.6.1 Micro workflow user performance should be monitored using benchmark reports.

Micro need same reports as MRP in same format except

- Re Insurance Confirmation Report
- All Pending Cleared

5.6.2 All the benchmark times as same as MRP

5.7 Pending and other system generated e-mails

All the e-mails generated from MRP workflow should generate from the Micro workflow too in same format. But all the texts mentioning MRP must change as MCR.

5.8 Common screens

Following screens and their particular data are common for both MRP and MCR.

- Bank e-mails
- Banks
- HNBA Branches
- MRP Brokers
- MRP Business parties
- Medical Labs
- Signing persons

6. Modifications

- 6.1. Add new dropdown box to workflow job assigning screen as “Business Channel”.
- 6.2. Add new dropdown box to Online MRP quotation screen as “Business Channel”. It should display only for HDO users.
- 6.3. Add new check box as “Free cover limit” to workflow job assigning screen.

6.4. Modify cover note formats as follows
